31st May 2023: Subway® have today announced a new way to Subway with the launch of its new **Series Menu** – a collection of 15 all-new signature chef-inspired Subs, SubMelt®s, Wraps and Salads.

Here to help those who just can't decide what to add to their Sub, Series offers a simple and speedy way to order a range of super tasty Subway creations - revolutionising the ordering experience both in restaurants and online - and is available at all 130 restaurants across Ireland from 31st May.

Subway® worked with top chefs to create the 15 all-new signature options on the Series menu - though fans will still be able to 'create your own' using the wide range of breads, meats, veggies, sauces and salad options as well.

The Series menu features seven new Subs available all day including Subway's first-ever all day breakfast-inspired sandwich, the **Big Breakwich**, with maple glazed streaky bacon, Lincolnshire sausage, hash browns and poached eggs and the Mexican-inspired **Tex Mexan** with tangy salsa, tender chicken breast and crunchy Doritos®, including the all new x-

spicy chipotle Southwest sauce!

Four new SubMelts also join the menu - delicious, hot toasted panini-style Subs - including the pizza-inspired **Pizziola**, the vegetarian friendly SubMelt, **Supremo**, which features a new pesto sauce and the traditional Italian marinara sauce and finally the cheese-tastic **Big Cheese-Steak**, allpacked with slices of melted mozzarella and American-style cheese.

And there are also two Wraps including the **Rockin' Moroccan** with a spiced plant patty packed with flavour, crispy onions, tasty sauces and salads and two Salads, featuring the **Fine Catch**; Subway's take on a Niçoise salad with tuna mayonnaise, poached eggs, black olives on a bed of crispy salad.

The full range of options on the new Subway Series menu, available in restaurants now, is:

All Series options can be ordered as part of a Meal Deal, including a regular drink and crisps or a cookie of your choice.

Subway Series will also revolutionise the online delivery experience via Just Eat, Uber Eats and Deliveroo with customers able to select a Subway Series signature option, rather than choosing all their ingredients separately - though fans of customisation will still be able to do so.

In an exclusive offer, Subway Rewards members can get their hands on a FREE* 6-inch

Sub, SubMelt, Salad or Wrap with their first purchase from the new Subway® Series menu, until 30th June.

Kirstey Elston, Marketing Director UK&I at Subway®, said: *“There are two types of people - those that like to create and those that like to pick a creation. The launch of our Subway® Series menu marks the start of a new way to order in our restaurants across the UK & Ireland, so you can make a quick choice from one of our new chef-inspired creations.*

“The brand-new 15 mouth-watering signature Subs, SubMelts, Wraps and Salads make it even easier for our guests to enjoy Subway – but fear not, for those fans that have their own unique orders they love, ‘create your own’ is still available in all our restaurants and online too!”
