

Subway® Unveils Coziest Menu Yet with Two New Chilli Spuds, Loaded Sides and a Pumpkin Spiced Treat

2nd September 2026: Autumn is officially upon us, and Subway® is kicking off cosy season with a lineup of hearty new menu items including Beef Chilli and 5 Bean Chilli.

Providing the ultimate comfort as temperatures (finally) begin to cool, the new Chillies can be enjoyed on a warm and fluffy Spud, as part of Subway's Spudway™ offering, or as a Sub, Wrap or Salad. All with endless customisable topping options Subway fans know and love.

The Beef Chilli combines tender beef brisket with kidney beans and sweetcorn, cooked in a rich tomato sauce spiced with paprika, cumin and chilli. For a vegetarian alternative, 5 Bean Chilli includes five different types of protein-packed beans (cannellini, borlotti, black turtle, red kidney and pinto beans) green peppers and sweetcorn in a warming spiced tomato sauce.

The Beef Chilli and 5 Bean Chilli are also available in two brand new comforting side dishes; Loaded Beef Chilli Nachos and Loaded Beef Chilli Waffle Fries, available exclusively via delivery.

For those looking for even more flavour, Subway has launched Mozzarella & Cheddar Bites, containing a blend of Mozzarella and mature cheddar coated in crispy breadcrumbs and served warm. Available in 5-piece and 12-piece portions – the bite-sized cheesy side is great for sharing or enjoying on the go and are made for dunking in Subway's sauces, from iconic Chipotle Southwest to classic marinara.

Subway® is also launching brand-new cookies inspired by the UK's most popular Autumnal hot drinks. Whether you're a matcha or Pumpkin Spiced Latte fan – the new Matcha & White Chip Cookie and Pumpkin Spiced Cookie bring some of the nations top trending flavours to the Subway menu.

The classic cookie flavours meet the fragrant taste of matcha, balanced with hints of vanilla and a creamy sweetness from white chips in the Matcha & White Chip Cookie, and the Pumpkin Spiced Cookie is full of warming spice and chocolate chunks for a rich autumnal taste. These new cookies are also joined by the rich, chocolatey Brownie Cookie Cup for bite-sized indulgence.

Cathy Goodwin, Director of Culinary & Innovation Subway® EMEA, said: "As we move into Autumn, we wanted to offer a brand-new menu which brings maximum comfort and

warmth. Celebrating everything we love about the cosy season, from Spuds topped with our new Beef or vegetarian 5 Bean Chilli to an iconic pumpkin spiced cookie, the new range brings a whole new array of customisable options to our menu”.

The new menu items will be available in all Subway® stores in the UK & Ireland for a limited time only in-store or via the Subway® App, as well as Just Eat, Uber Eats and Deliveroo.
